

AMBIT RAIL LAMP – EU VERSION

TAF ARCHITECTS ON THE DESIGN “Why do you get attracted to certain shapes and not others? With Ambit, we worked with the form and proportions in a very thorough and almost meticulous way. There is dynamic between the linear and rounded shape that creates an attractive outline. A timeless pendant, which never becomes boring to look at. The lampshade is made of a lightweight spun material and the dual-tone, with the inner white, adds a delicate contrast.”
