

SWAY THROW

TINA RATZER ON THE DESIGN "Sway is a throw which, with its simple visual expression and clean, honest materials, will last many years. The throw's timeless appearance makes it adaptable for many different surroundings and its refined, high quality wool places it between product and apparel. SWAY can easily be packed and used as a shawl when taken on a cool summer's night. While in use the throw adopts a three dimensional form which has inspired me to twist the simple pattern into diagonal curves - like a sail drawing in the wind."
